

Preview the Video Segments

For Agile EQ

Agile EQ video segments can be previewed independently of the facilitation materials by using the **Agile EQ video with English subtitles_mp4** file found in the Facilitation Materials folder or by using the **Agile EQ video with English subtitles_wmv** file found in the WMV Files subfolder.

Insert the USB drive into your computer and locate the desired file. Double-click the file to open it.

The videos are organized by type/activity: Module Intro videos, Ask the Expert videos, and Mindsets in Action videos.

Slides play automatically the first time they are viewed in Slideshow mode. To play again, click on the center of the slide.

Note: These decks include English subtitles. If you want to review the video without the subtitles, open the main PowerPoint deck in the Facilitation Materials folder or the WMV Files subfolder.

For Workplace and Productive Conflict

Everything DiSC Workplace and *Everything DiSC Productive Conflict* video segments can be previewed independently of the facilitation materials by using the **Video_BuildYourOwn** PowerPoint® file found in the Facilitation Materials folder.

Insert the USB drive into your computer and locate the **Video_BuildYourOwn** file. Double-click the file to open it.

The videos are organized in the same order as they appear in facilitation.

Slides play automatically the first time they are viewed in Slideshow mode. To play again, click on the center of the slide.

For other Everything DiSC applications

Everything DiSC video segments can be previewed independently of the facilitation materials by using the **Video_BuildYourOwnPPT** file. In Slide Show mode, it is menu-driven like a DVD, allowing you to navigate easily among the sections and video slides.

Insert the Everything DiSC USB drive into your computer and locate the **Video_BuildYourOwnPPT** file.

Double-click the file to open it.

Press **F5** on your keyboard to view as a slide show or click on the **slide show button** in the bottom-right corner of your screen.

Click on the video category you want to view from the main menu. The menu slides allow you to move quickly to the video segment you wish to play by clicking on its title or icon.

If the video category has only one video associated with it, that video segment will launch automatically. If it has more than one video segment, you will be shown a submenu from which to choose a video segment.

Click on individual video segments to view them. Use the navigation arrow in the bottom-right corner of each slide to return to sub and main menus.

Video slides will play automatically the first time. To play again, click on the center of the slide.
